Hello Everyone lets get right to it!

More goals for this semester

- Recruit good kids
 - We need dancers and just overall active people within Surge
 - While it is good to take a bunch of leaders and super involved people, it would also be nice to take a chance on people who will just devote their time to Surge. Experience isn't everything and shouldn't sacrifice personality for it. Someone can always learn a new skill, but cannot change their personality. Remember that these are potentially people that you will spend the next few years or even more hanging out with so you should be able to like who they are.
 - On that note, yes we are able to take more people this semester since a lot of people will be going to associate or having Co-ops so yes we can take a variety of everyone.
- Collabs with LPhiE and aKDPhi
 - With the potential of chartering, again being focused on building relations with the org we are trying to be should be obvious. If we show we care about them, they will care and pour resources into us.
 - Collabing with LPhiE will be good in general and especially if we can post such events on our instagram, this will be a good indicator to MGC at UF that we DO want to be LPhiE.
 - Honestly the aKDPhi collab is extra but it would be nice to have connections with them and wash away any bad preexisting notions. Again we need EVERYONE to like and support us to charter, it only takes negative opinions of one org to shut us

down.

- Have a good Shave a Surge
 - Lets raise good money, **stay on track**, and lets get some outside sponsors this year
- Have a good Night Markets + Party this year
 - Relying on Hayden for this one and the help from Brandon.
 - The party will also be organized by Richard and Alex as the proceeds will go to SAS, but is thought to be best held as an afterparty for Night Markets. (Night markets may be moved to March 29th according to aKDPHi)
 - Should we collaborate with another Org to help get more resources or do you guys think we can pull this off on our own?
- Merch (Designed by Brian Yoon)
 - I Guess Bro
 - JK Brian might be cooking but thats subjective
- Really think about what you want for the future of Surge and possibly chartering, this will come into big play when elections come up this semester
 - Just make sure to vote honestly and for whoever aligns with your values in what you want for this Org.
 - You all joined this org for a reason, so see that vision out.
- External Face
 - PLEASE let's cooperate with the external chair positions and MM people to get out some spotlights.
 - We NEED for our society to know who WE are. Even more important for professional spotlights to show that we aren't just bums.
 - I mean we AREN'T bums, a lot of us have been doing amazing professionally. We might not be able to directly build people professionally as well as other orgs can but it is the fact of the potential connections people can build just by being friends with us.
- I will help with SAS

External Vice President

Eric Decker

We have incredible momentum, recruitment posts and videos are amazing and there for sure a lot of **respect** for Surge's name.

Make our presence more known and build off the momentum

- a. Posting more
 - i. Show off member spotlights
 - ii. Show off the pillars that we uphold, show examples within members of culture, camaraderie, and courage.
 - iii. Professional spotlights
 - iv. Recaps of the semester
 - v. Member of the months

- vi. Take over as well,
 - 1. We briefly mentioned after each recruitment post goes up
- b. Show our professional side a little more
 - i. Collab especially with LFE FSU
 - 1. Some sort of fundraiser collab
 - 2. Perhaps something with thrifting clothes
 - a. Just throwing it out there bc we have a lot of clothes and we're performative
 - ii. Shave A Surge Video.
- c. Show off our community service
 - i. Service post and highlight the service chairs with adopt a street
- d. We should have more advocacy
 - i. Maybe pride month
 - ii. Or something relevant in the community
- e. ANDREW BISHOP'S BIRTHDAY
 - i. May 19th
 - 1. I sincerely apologize for failing to honor him last semester
- f. Just show we're an active and productive org
 - i. Work hard and have fun at the end of the day
- 2. I will do my best to reach out to the chairs to make this happen

Internal Vice President

Hi guys may or may not be hungover, hopefully I can zoom in

I heard late January was too short notice for the mini camping retreat so I want to date pick sometime in February if we can, I know we're pretty busy so it would be March latest; I'll probably poll in Discord so look out for that.

- Logan / Ant - camping gear
- Ryan - boat (?) not sure if the place is big enough (Probably not - ryan)
- Jobu - I'll try to bring some fishing gear

Would you guys rather (I'll poll in discord if I don't see an answer)

- Book cabins - probably more expensive
- Primitive camping - we'd have to bring our own gear

I also wanted to get a vote for the Spring Brotherhood Retreat for options. We can discuss carpooling and dates further down the line.

- Charleston - ik some people were interested in going last semester before we decided on Universal.
 - Jobu
 - Richard
 - Yoon
 - Logan
 - Ryan

- Thai
 - Eric
 - Aung
 - Alp
 - brandon
 - Luis
 - Andrew
- Surge Cruise Ship - Ryan said his parents have experience booking / maybe can get discounts. Probably the more expensive option. (300 - 700) Get yo money up

Hello everyone, since I am secretary I don't really have any minutes other than speaking about merch.

i will create a new version for Surge to acquire, fixing the logo to make it a little higher and create a back logo design of the Surge Uncharted pfp.

I will send out a google form within the week for your sizing and pricing (~\$25).

I will also put another design of a polo shirt that'll probably be around the same price, I will also put it on the google form.

Volunteer Work

- Station-based STEM or creative activities
- Could be partnered with the county public library
- Groups only (1 on 1 requires too many screenings and board approvals)
- Parents/Staff present
- Sorting donation or food boxes
- No certification required, just short orientations (like the rock climbing tutorial videos)
- Tackles ACR food insecurities
- Planting, mulching, gardening, etc...
- We did this last year and had a good turnout
- Easy to schedule/arrange
- Special Olympics event partners
- Event setups, logistics, etc...
- Strong community impact and volunteer satisfaction
- Organized through Special Olympics Florida
- Different events throughout the semester

Advocacy

Thai/Eric

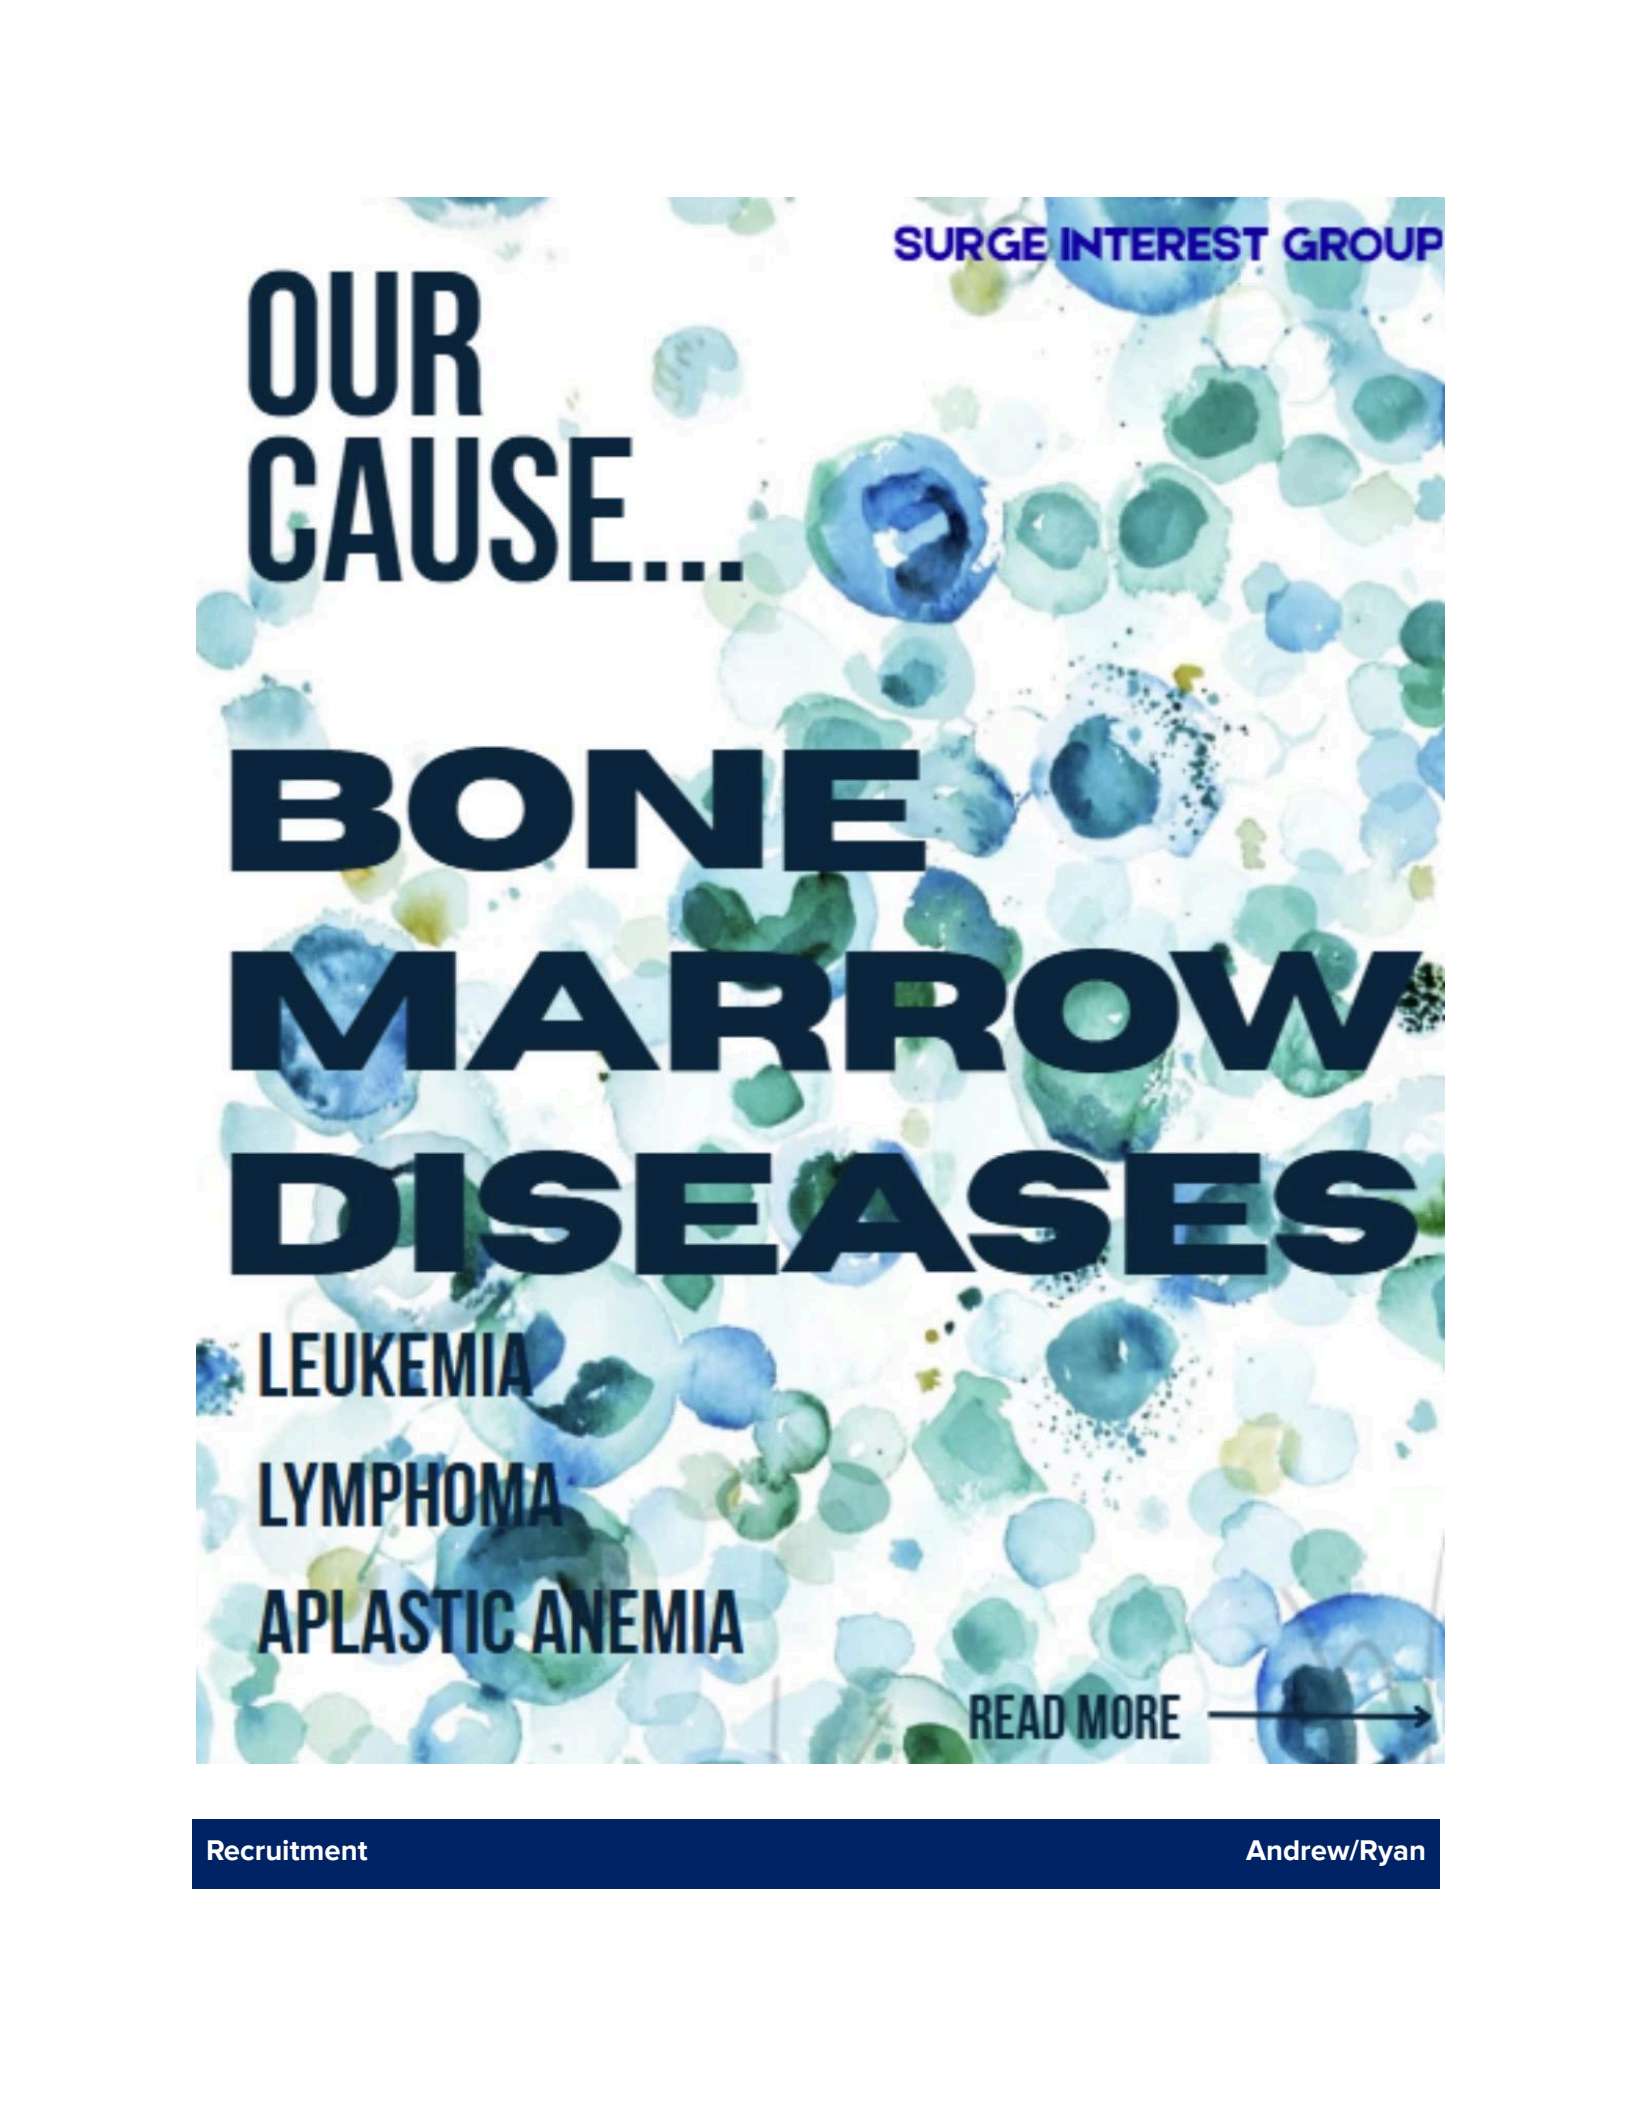

Remind everyone of our mission as Surge IG, what do we stand for?

Shows commitment to involvement in LPhiE chartering

Can possibly work concurrently with Shave-A-Surge. Posting about various organizations or diseases related to bone marrow (ie. NMDP (Be the Match), OneBlood, Biolife, etc.)

- Attracts people to donate to our cause

Could involve ourselves in blood drives/stem cell donations.
